

O Rumo do Fumo – Residency Programme 2022  
Residency: 3 - 28 October 2022

## *BAqUE* by Gaya de Medeiros

*BAqUE* is a concert-performance and a celebration. In a ritual of affections and fables, a collective of trans people experience a utopia in which their bodies are the same and there is no more gender, nor any marker that differentiates them. A piece that seeks to bring new narratives about other possible ways of being in the world.
